

# Chinese Journal of Epidemiology

Volume 6

December 1985

Number 6

- Seroepidemiological Study of Viral Hepatitis among Hospital Staffs  
*Ma Jing et al* .....(321)
- An Epidemiological Survey on Renal Syndrome Hemorrhagic fever in North  
Fu-jiang province  
*Li Xianfeng et al* .....(326)
- A Report of Seroepidemiological Survey on *Dengue Virus* Infection in Some  
Areas of Guang-Dong and Guang-Xi Provinces  
*Li Fushen et al* .....(330)
- One Year Longitudinal Survey of Rotavirus Enteritis in Infants and Young  
Children in Five Childcare Centers in He-fei City  
*Wen Shiwu et al*.....(333)
- An Investigation of the Pathogenic Bacterium and their Drugfast Propertie's  
Being Isolated from 435 Acute Diarrhea Patients in Hiu-hau City  
*Hu Chaowen et al* .....(336)
- The Detection of *Vibrio Fluvialis* from Feces of Patients with Diarrhoea  
*Chen Gunli et al*.....(339)
- The Preventive Effectiveness of an Urgent Mass Vaccination with Purified  
Meningococcal Polysaccharide Vaccine Observed in a Meningitis Epide-  
mic  
*Xu Caihua et al*.....(344)
- Using Bayes Method of Probability for the Early Forecast on Prevalence of  
Epidemic Meningococcal Meningitis  
*Zeng Guang et al*.....(347)
- The Application of Simple Catalytic Model on Epidemiological Survey of  
*Schistosomiasis Japonica* Infection  
*Xu Qin*.....(351)
- The Mortality Analysis of Malignant Neoplasm and Cardio-vascular Diseases  
1979-1983 in Tainjin  
*Guo Zeyu et al*.....(353)
- Detection of Polio-Neutralizing Antibody by Micro-tissue Culture Technique  
*Lu Tianlin et al*.....(356)
- Studies on Single Radial Haemolysis of *Arboviruses*  
*Xiao Zeshuai et al*.....(359)
- The Detection and Examination of Pathogenic *E.coli* and the Entero-toxin  
*Yu Shouyi* .....(364)
- Application of Liposomes Biotechnology in Medical Scieces  
*Zhang Rongzhen*.....(367)
